

رحلة نحو النجاح في الصيانة الدورية الرئيسية المجدولة لمعمل التكرير

اسرار النجاح في الصيانة المجدولة

THE JOURNEY TOWARDS SUCCESSFUL MAJOR REFINERY TURNAROUNDS

HIDDEN SUCCESS FACTORS FOR SUCCESSFUL T&I

Abdulrahman Al-Fadhel

Wednesday , May 24, 2017

Khobar, Kempinski Al Othman Hotel

Speaker's Biography

Abdulrahman Al-Fadhel is the Saudi Aramco Riyadh Refinery manager. He holds a bachelor degree in chemical engineering from king Saud University. He has over 35 years of experience with Saudi Aramco, mainly in engineering, operation, maintenance and leadership. He has started his career at Riyadh refinery as process engineer and grow in the ladder covering manufacturing, planning, economics unit, operation engineering unit and operation & maintenance division head. In addition, he had worked in Ras Tanura Refinery (the biggest Saudi Aramco Refinery) as operation and maintenance division head. He has successfully managed many major T&Is in Riyadh Refinery and Ras Tanura Refinery. In 2013, he was appointed as Manager of Riyadh Refinery (the most complex Saudi Aramco refinery). He has led Refinery International Conference that was held in 2016 (maintRel 2016). He is a member of American Chemical Society, and a member of Saudi Council of Engineers as consultant. He is a board member in king Saud University "Chemical Engineering".
